The background of the slide features a photograph of two cyclists riding on a dirt trail. The cyclist in the foreground is wearing a white shirt and a backpack, while the second cyclist is further ahead. The landscape is hilly and green. A large, light-colored diamond-shaped pattern is overlaid on the upper half of the image. In the top right corner, there is a black triangle pointing towards the center.

Introduction

At NinetyTwo, our vision of business is to build a community of clients where your success and our achievement are clustered together in a whole of excellence.

NinetyTwo IT Solutions can handle many complex things: we do software development, web development, ERP solutions, customized online solutions, network solutions and more. We enjoy designing icons, logos, illustrations, and strategy & branding. We also take interest in iPhone or android apps and games production. Smart home automation solution are most interactive part in over solutions.

NinetyTwo IT Solutions also supply wide range of products: desktops, laptops, servers, all in one desktops, accessories, network devices & accessories, security surveillance, access controls, RFID cards, multimedia devices, home automation devices and many more.

Why us

NinetyTwo IT Solutions is to add value and to contribute to our clients long term success and competitive strength. This is accomplished by helping clients to identify solutions that improve performance, by assisting in implementing those solutions and by aiding in managing the subsequent change.
